

Kasasa Accounts Truth in Savings Disclosure

This disclosure contains the rules that govern your deposit account as of July 1, 2023

Account Overview:

- **Kasasa Cash Back** - A variable reward checking account with no minimum balance that rewards accountholders with cash back on their debit card purchases and nationwide ATM withdrawal fee refunds when they meet minimum qualifications during the accounts Monthly Qualification Cycle.
- **Kasasa Cash** - A variable rate checking account with no minimum balance that rewards accountholders with dividends and nationwide ATM withdrawal fee refunds when they meet minimum qualifications during the account's Monthly Qualification Cycle.
- **Kasasa Saver** - A variable rate deposit account with no minimum balance that rewards accountholders with dividends when they meet the minimum qualifications associated with their linked Kasasa Cash or Cash Back checking account during the account's Monthly Qualification Cycle.
- **InControl** - A variable fee-based checking account with no minimum balance that rewards accountholders with the ability to (a) eliminate the account's monthly service fee and (b) receive nationwide ATM withdrawal fee refunds by adopting specific banking and spending behaviors during the account's Monthly Qualification Cycle.

Purpose and Expected Use of Accounts: Kasasa Accounts are intended to be the accountholder's primary share draft account in which payroll transactions and day-to-day spending activities, including but not limited to grocery, gasoline, apparel, dining, sporting, and entertainment transactions, are posted and settled.

Commensurate with the spending activities identified above, we expect the account's debit card to be used frequently throughout each month and for transaction amounts to reflect a wide dollar range. Small debit card transactions conducted on the same day at a single merchant and/or multiple transactions made during a condensed time period, particularly near the end of a Monthly Qualification Cycle are not considered normal, day-to-day spending behavior. For example, five debit card transactions, each for a dollar, conducted at a convenience store two days before the end of the cycle period would not be considered by our Credit Union as normal, day-to-day spending behavior. These types of transactions appear to be conducted with the sole purpose of qualifying for the account's rewards. The Credit Union will deem these types of transactions inappropriate and will not count them toward earning the account's rewards.

Union Square Credit Union reserves the right to determine if the account is maintained for a purpose other than day-to-day, primary use. Accountholders who persist in making debit card transactions in a calculated and limited fashion in order to meet their monthly qualifications may have their accounts converted to a different share draft account or closed altogether. We also reserve the right to convert the account to a different share draft if the account does not have consistent active use over 12 consecutive Statement Cycles.

We have the right to close this account at any time, with proper notice. Our decision to close the account will not affect your existing obligations to us, including any obligation to pay fees or charges incurred prior to termination. No deposits will be accepted, and no checks will be paid after the account is closed. If the account is closed, you will forfeit any rewards that have not been credited to your account. If applicable, a Union Square Credit Union check for the remaining balance will be mailed to the accountholder at the address indicated on our current

records. Upon termination of your Kasasa Cash or Kasasa Cash Back Checking with Saver account, any optional add-on products/services associated with this account will also be terminated at the same time. A Kasasa Cash with Kasasa Saver or Kasasa Cash Back with Kasasa Saver is required to have a Kasasa Saver Account. If, for whatever reason, the Kasasa Saver portion of your account is closed, your account will automatically be converted to the associated standalone Kasasa Cash or Kasasa Cash Back Checking, and the terms and conditions regarding those accounts articulated within this disclosure will apply. If, for whatever reason, the Kasasa Cash or Kasasa Cash Back portion of your account is closed, your Kasasa Saver account will automatically be converted to a standalone savings account, and the terms and conditions you receive for that account will apply.

We reimburse ATM withdrawal fees based on estimates when the withdrawal information we receive does not identify the ATM withdrawal fee. ATM withdrawal fee reimbursements will be credited to your account on the last day of the current statement cycle. Dividend Rate & Annual Percentage Yield (APY):

Compounding & Crediting: Dividends will be compounded on a monthly basis. Dividends will be credited to your Kasasa Cash or Kasasa Saver account on the last day of the current statement cycle. If you close your account before the dividends are credited, you will not receive the accrued dividends. Dividends begin(s) to accrue on the business day you deposit non-cash items (for example, checks). Dividends will be credited to our account on the last day of the current statement cycle.

Balance Computation Method: We use the daily balance method to calculate the dividends in your Kasasa Cash and Kasasa Saver accounts. This method applies a periodic rate to the principal in the account each day for the Statement Cycle Period.

Kasasa Cash and Kasasa Saver are variable rate accounts. The dividend rates and annual percentage yields may change. The dividend rates are determined at our discretion, and we may change the dividend rates on your accounts at any time, without any limitations and without notice to you.

Annual Percentage Yield (APY): APY=Annual Percentage Yield. APY calculations are based on an assumed balance of \$135,000 in your Kasasa Cash account and \$150,000 in your Kasasa Saver account, and an assumed statement cycle of thirty-one (31) days.

Rates, rewards, and bonuses, if any, are variable and may change after the account is opened without notice to you. No minimum balance is required to earn or receive the account's rewards. Rewards less than a penny cannot be distributed. Fees may reduce earnings.
